

New Medicaid Waiver to Begin

The state of NC is anticipating approval of a Medicaid Waiver and is planning an implementation date of 11/1/08. If you live outside the PBH catchment area, contact your case manager for more information.

Did you know that Special Olympics has added a new sport? In Fort Wayne Indiana, Dancesport 2046 held the first ever Special Olympics Ballroom Dance Competition on July 5, 2008. The dances took classes from professional dance instructors for about a year. The classes were held in the dance studios.

The ambiance of the studios was a major factor for the interest of the dancers. The program was a pilot project that included Special Olympics of Indiana, Easter Seals Arc of Northeast Indiana, and DanceSport 2046, a division of USA Dance which has chapters all over the United States. The groups used the unified sport concept, which includes people with and without disabilities as partners.

Visit Wendy's in New Bern!

Mary works at Wendy's in New Bern. Mary has been there for about two years now and works two days per week. The store in which Mary works has unfortunately closed due to hard times and not enough revenue to keep things running. The owner decided to close that particular store and just operate his other store in New Bern. As you know with any store closing the inevitable is that people lose jobs. Mary is a very hard worker, as anyone who knows her can testify, and I guess her boss has noted this fact. Although he had to lay off a number of people, Mary was one of the **FEW** employees that had the opportunity to transfer to the other store location in New Bern. That in itself says a lot about Mary. She is delighted because the new store is closer to the college she attends daily so it has reduced her transportation costs to get to work. Go Mary!
